GET READY TO DiamondGlow[®]

The Diamond Glow Facial is a non-invasive skin resurfacing treatment that uses a diamond-tipped wand to exfoliate, deeply cleanse pores, and infuse customized serums into the skin. It improves skin texture, brightness, and hydration with little to no downtime.

How it works

- Diamond tip exfoliates dead skin cells
- Vacuum suction clears debris from pores
- Infuses customized serums into skin during treatment

Benefits:

- Gives skin a smoother texture
- Deeply cleans and unclogs pores
- Infuses skin with customized serums
- Boosts hydration and skin radiance
- Minimizes the appearance of fine lines
- Leaves skin immediately brighter and refreshed
- Non-invasive with little to no downtime
